

The Book Club of California
Member Exhibition Proposal Form

The Book Club of California provides member collectors the opportunity to display their personal collection of books, ephemera, and book related items as part of our year-round effort to highlight the diverse and vital community of book lovers at the Book Club. Member Exhibitions further advance the Book Club's mission to preserve and promote the history of the book and the book arts.

- Install and deinstall exhibition at a date and time agreed to by BCC staff
- Provide text for labels, clearly identifying each item on display
- Provide text for a one-page checklist that includes a brief description of exhibition and list of books displayed
